

BAND BOOSTER INFORMATION FORM

Welcome! As a parent/guardian of a DCHS band student, you are officially a Band Booster member. Band Boosters are an instrumental part of a successful band program. There are many opportunities for you to get involved in the amazing program of which your student had committed to being a part. The more you volunteer, the more people you get to know and the more opportunities you will have to watch your student grow. Contrary to popular belief, they like having you involved in what they do!
